If any parcel, newspaper, pamphlet, or other printed or engraved paper shall be so posted, having affixed thereto any such stamp or stamps, the value of which shall be less than the rate of postage to which the same would be otherwise liable under this Act, there shall be charged thereon a postage equal to the amount of the difference between the value of the stamp or stamps affixed thereto and the postage to which such parcel, newspaper, pamphlet, or other printed or engraved paper shall be otherwise liable, as aforesaid.

XXIII. On every letter or packet, which shall be re-directed and forwarded by the letter post, from any place to which it shall have been conveyed by the letter post, there shall be charged for the postage thereof from the place at which the same shall be re-directed, in addition to all other postage paid or due thereon, the rate of postage to

No person can be called upon to pay a higher rate of postage on a mis-sent letter, than he would have been liable to had no mistake been committed by the Post Office Authorities. *Director General's Orders of 11th October 1854.*

Re-directed newspapers will not be liable to forward postage, *provided* that they have not been opened and are forwarded in their original covers, and are not received by any one for the addressee. XXIX. The Governor General of India in Council shall cause postage stamps to be provided, denoting such values as the said Governor General of India in Council may direct, and shall give such orders, and make such other regulations relative thereto, as may be deemed expedient.

XXX. Postage stamps provided as aforesaid shall be under the care and management of such Officer or Officers as the Governor General of India in Council shall direct; and all sums of money realized by the sale of postage stamps shall be carried in the public accounts to the credit of the Post Office.

XXXI. The Governor General of India in Council may make rules for the appointment and government of vendors of postage stamps, and thereby direct how and under what terms and conditions postage stamps may be supplied to them for sale; and

whether any and what security shall be given by such vendors, and whether any and what remuneration or discount shall be allowed to them ; and how and in what manner, and at what time or times, such vendors shall keep and render their accounts and pay over the proceeds of any sales made by them or re-deliver the stamps entrusted to them.

XXXII. Government vendors of postage stamps shall be bound by such rules, and in case of any wilful breach thereof, shall be liable to a penalty not exceeding two hundred rupees, in addition to any other proceedings to which they may be liable.

The Officer in charge will, before the 15th of each month, prepare a general statement, showing the number of letters posted at, and delivered through the agency of the District Post Office in the preceding month.

RULES FOR REGISTRATION.

THE system of Registration is applicable to all descriptions of Letters without distinction, but in the case of Letters for Foreign countries from India, Registration. extends only to the port of despatch.

Post Masters, Deputy Post Masters, Receivers, or other Officers, on being applied to register a Letter, will demand a Register Fee of four annas, and Registration Fee. will write distinctly on the front of the Letter "*Registered Letter*"; he will also stamp the Letter plainly, and enter the address and number of it on the left hand side of the Receipt Book with which he is furnished, giving the party applying, the receipt which he will tear out of the book, and upon which he must also enter the address of the Letter, so as to correspond with the entry in the book: *the receipt must also bear the impression of the Office Stamp.*

The Registration Fee of four annas must be paid before a receipt is given.

The full address of Registered Letters must be entered on the Letter Chulan, and the Letter itself must be enclosed in one of the green printed covers that are furnished for the purpose.

This green cover, however, must not be sealed, so that each Post Master may satisfy himself that it contains the Registered Letter, and must be enclosed in the Mail Bag of packet addressed to the next *Transit* Office.

No Letter can be received in order to be registered, unless it is brought to the Post Office half an hour before Time of their being received. the closing of the box for the particular Mail or Bag by which it is to be despatched.

The Post Masters at Forward Offices must enter the address of Registered Letters on the Letter Chulan, and Forward Offices. when re-directed, they must of course be

carefully entered on the Letter Bill, with which they are forwarded to their new address.

On the delivery of a Registered Letter to the party to whom it is addressed, a receipt in duplicate must be taken by the Delivery Peon or Letter Carrier, one of which receipts must be returned to the Posting Office by the first post, the duplicate carefully preserved by the Post Master as the voucher for its safe delivery, since he will be held responsible for the letter, if he cannot produce the receipt, as proof of the delivery when applied to.

The portion of the cover returned to the chief Office must bear a clear impression of the dated Office Stamp, showing the day on which the Registered Letter reached the Post Master's hands; and it may be sent open in the Bag.

No Letters can be refused to be registered, provided they are posted in sufficient time and the Registration Fee is paid in advance, and that the other Regulations in force with each class of Letters are duly complied with.

Any neglect of these Regulations, which shall involve the loss of a Registered Letter, will not only render the party liable to be called on to make good the amount of the loss sustained in consequence, but will be punished by dismissal from the service.

That there may be no misconception as regards the course to be pursued with Registered Letters, it must be distinctly understood, *that the person to whose possession such Letter is last traced will be held responsible for it as a matter of course, until he shall have discharged himself of the responsibility, by a satisfactory explanation.*

It will therefore be necessary for every Officer on opening a Bag or Packet, immediately to seek the Letter Bill, and in the event of a Registered Letter being entered on it, to certify its arrival, by attaching his initials to such entry; he will then place the letter in its proper channel for disposal, taking an acknowledgment, by ini-

tials or otherwise, from the person into whose hands it may be given for delivery or despatch ; each Officer who may receive the Registered Letter pursuing the same course, until it reaches the party for whom it is intended, when the usual Official Receipt is obtained on its delivery.

Should any entry be made on the Letter Bill of a Registered Letter, and such Letter (although it ought from its being separate from the others to be distinctly seen) cannot be found in the Bag, the opener of the Bag must immediately report the circumstance, calling in, if possible, another person to verify the fact, before he has touched the other Letters.

With regard to the despatch of Registered Letters, the same precautions must be observed, the Clerk who receives the Letter for despatch must obtain a discharge from the Officer to whom he delivers it, and this Officer, and all others through whose hands it may pass, must pursue the same course. The Despatching Clerk will enter the Letter on the Bill, carefully checking it into the Bag, and will be only exonerated from his liability by the signature of the Receiving Clerk, at the Office to which the Bag is addressed.

Every irregularity connected with Registered Letters must be instantly reported to the Post Master of the Station, and by that day's post to the Post Master General, in order that innocent parties may not be involved in heavy responsibilities, which in reality do not attach to them.

Each Post Master will be responsible, that every party employed in his Office is made acquainted with these Regulations, and will take their signature that they have perused them.

REGULATIONS FOR POSTING AND APPLICATIONS FOR DAWK BEARERS.

I.

TRAVELLERS may be furnished with Dawk Bearers on application at the different Post Offices, where they will obtain all the requisite information as to the estimated distances between known Stations, to which only Dawk Bearers can be laid by any Post Master.

Information for Travellers regarding Dawk obtainable at the Post office.

II.

A set of Dawk Bearers comprises twelve men, viz., eight palanquin bearers, two mussalchees, and two banghy burdars, for which is charged, payable in advances, at the rate of eight annas per mile ; but, as in many instances, owing to the delay caused by travellers remaining longer on the road than the stipulated time, this sum is found unequal to the expence, a further sum of four annas per mile is required to be paid as a deposit, to cover any eventual expense or demurrage caused by delay on the part of the traveller. Should none occur, the full amount of the sum deposited is refunded, upon the traveller furnishing a certificate from the Post Master at the place where his journey terminates, that he arrived there without incurring demurrage. It is the duty of Post Masters to furnish travellers with certificates, specifying, according to circumstances, whether, or otherwise, he has come on demurrage. Such certificate, it must however be understood, is only applicable to the Post Master's divisions who grants it, for it sometimes happens that a traveller having incurred demurrage on part of the road, by travelling subsequently during those hours originally appointed for halting, reaches the last division within the given time.

N. B.—It is to be particularly observed, that in some district, bearers are with difficulty procured ; and where they have to be sent a considerable distance to take up the traveller, and in like

manner to return home—for time so occupied, they are paid additionally, and in all such cases Post Masters are authorized to charge the actual cost for the traveller's bearers.

III.

When it is reported that a traveller comes on demurrage on any part of the road, the adjustment of the amount deposited to cover such expenses incurred, adjustment of expenses deferred. will be postponed until the receipt of the Bills for the dawk from all the Post Masters through whose divisions the traveller may have passed.

IV.

Travellers, whether proceeding from the Presidency or from out-stations, are provided with a form, in which Form to be provided to travellers, to insure their complaints being brought to notice. they are requested particularly to note any cause of dissatisfaction they may meet with on their journey, and the places where they meet with obstructions or irregularities on the part of the bearers or subordinate Post Office servants: this form being affixed to the certificate which the traveller has to present for signatures, secure its being noticed.

V.

When a dawk has been ordered, and circumstances may render expedient for the traveller to postpone his journey, or to withdraw the bearers entirely, he will of course be held liable for any expense which may have been incurred on his account. The amount paid for the dawk, and the amount deposited to cover demurrage, will therefore remain unadjusted, until reports are received from the several Post Masters on the line of route upon which the dawk was ordered.

VI.

Traveller's baggage must not exceed for each banghy-burdar twenty-four seers; and this must be divided into two parcels, or petarrahs, of such dimensions, as to render them conveniently portable, when slung as banghies. Weight of traveller's banghies limited.

VII.

It is to be generally understood, that although Government permits their servants to lay dawk bearers Terms upon which a traveller avails himself of the Post Office to lay dawks. for the convenience of the public, the State derives no benefit from this source ; and that neither Government nor any of their Officers are in any degree responsible to the traveller for the misfortunes and disappointments which are inseparable from dawk travelling : thus every traveller travels at his own risk, and is liable to the losses and increased expences incidental to delays and accidents, and that Government can in no instance be considered liable to make good any losses whatever.

VIII.

When irregularities and consequent inconvenience occur to travellers, the Post Master General, on being applied to, will immediately investigate the complaint brought to his notice, but this can only be done in the same manner, and to the same end, as a superior in any other department would interfere to enquire into complaints preferred against his subordinates.

IX.

In cases of surcharge alone, or charges which, to the parties complaining, might appear unjust, because arising out of some positive neglect or error on the part of the Post Master who lays the dawk, it would be the duty of the Post Master General to investigate the matter, with a view to afford pecuniary redress.

X.

In every case of refusal to make good demands on account of laying dawk bearers, Post Masters are authorized to detain all letters, parcels, &c., for the person from whom the demands are due, in the same manner as he is authorized to act under Clause IX. of the General Rules.

XI.

Any decision pronounced by the Post Master General in all references relative to dawk bearers to be Post Master General's decision final. considered final.

STAGING BUNGALOW RULES.

1. EVERY European Traveller, and every Traveller by Dawk, whether a Native or European, can claim shelter for twenty-four hours in a Staging Bungalow, on paying a fee of one Rupee. Two Rupees become due for twenty-five, Three Rupees for forty-nine hours' occupancy, and so on. No charge will be made for children under fourteen years of age, and if a room is not occupied for more than three hours, a fee of eight annas only will be levied for each person.

2. In conformity with the orders of Government, every individual who may take shelter in a Staging Bungalow must, whether travelling at the public expense or not, pay the prescribed fee.

3. If tents are pitched within the enclosure of a Staging Bungalow, a fee of One Rupee per diem is to be paid for each tent.

4. Whoever, without entering a Bungalow, causes the servants to work for him, or gets provisions cooked in the kitchen, must pay a fee of One Rupee per diem.

5. Travellers are particularly requested to enter correctly, in the Travellers' Book, the amount paid by them for the occupation of the Bungalow.

6. Priority of arrival gives no exclusive right of occupancy to any individual or party; but in Bungalows on the standard plan, that is, in which there are two rooms, two dressing and two bathing-rooms, one room, one dressing and one bathing-room are allotted to Ladies, the other rooms and a bath-room to Male Travellers.

7. In Bungalows in which there is a centre common room, the private rooms will be allotted according to priority of arrival, one-half of the accommodation being reserved, if necessary, for Ladies. Travellers arriving after all the private rooms are occupied will have the use of the common room and a bathing-room.

8. No person can claim shelter in a Staging Bungalow for more than twenty-four hours ; after the expiration of that period, he is bound to remove, if called on to do so by another Traveller, or by the Post Master.

9. The Khidmutgar at each Bungalow will cook any provisions furnished by Travellers ; but those who employ him to supply eatables must submit to his terms.

10. Whoever breaks or injures anything will pay for the same. The servants are immediately to report when an article becomes unserviceable, and get it re-placed.

11. Tatties are provided during the hot winds, but an establishment to water them being entertained only when wanted, the Traveller who chooses to order it, must defray the expense, in addition to other charges.

*N. B.—This Bungalow is under the charge of
to whom all complaints or suggestions should be made.*

REGULATIONS FOR DAWK, HIRED AND POSTED PALANKEEN BEARERS IN THE MADRAS PRESIDENCY.

Fort St. George Gazette, October 31, 1851, No. 2374—Page 935.

NOTIFICATION.—*Fort St. George, October 31, 1851.*—Notice is hereby given, that from and after the 1st Proximo, the charge of one anna per mile "Bearer Fund," hitherto levied on all Travellers proceeding by Dawks laid by the Officer of Government, will be discontinued.

The deposit required from such Travellers will also be dispensed with, under the terms of Rule 4 of the revised Bearer Regulations.

The following revised Rules for posting Bearers are published by order of the Right Honorable the Governor in Council, and will supersede all previous Rules on the subject :—

to pay the Bearers their hire and the charge for torch and oil, personally on his arrival at the end of the stage, according to the English Memorandum (in the annexed Form) furnished to the set by the Officer posting them. The rate of charge for demurrage according to Rule 8 will be stated at the foot of the Memorandum, and whatever amount may be incurred by the Traveller must also be paid at the end of the stage. No relaxation of this Rule will be permitted under any circumstances.

4. To protect Government from all loss, the application for a Dawk, in the case of parties belonging to Her Majesty's or the Honorable Company's Services, must be accompanied by an assurance in writing, that all charges incurred for their Dawk will be paid on demand. From all other parties, the security of a House of Agency for the payment of all charges on demand is requisite; but the Officer laying the Dawk may, at his discretion and on his own responsibility, accept a written assurance to the same effect in lieu of the above security.

5. A set of Dawk Bearers will comprise fourteen men, viz., twelve Palankeen Bearers, one Masaljee and a Cowady Cooly.

When Cowady Coolies cannot be procured, two Coolies will be employed instead, at the same cost.

6. The rate of hire to be paid to the Bearers will be fixed by the local authorities. When Bearers are brought from a distance, the Traveller will be required to pay them the regular hire and travelling hire.

7. Sets of Bearers shall receive (3) three pice each Bearer for every mile they travel to their post, which allowance is called travelling hire, except for such part of the road as they travel over again with a loaded Palankeen, for which part they shall not be entitled to travelling hire, unless the distance which they travel to their post exceeds forty miles, in which case they shall be entitled to travelling hire for the whole distance, notwithstanding they return over a part or the whole of it with a loaded Palankeen.

8. If Bearers are detained on the road, they are to receive (1) one anna each for the first day, and (3½) three and a half annas for each succeeding day, from the party for whom they are posted, whether they are used or not, and after remaining three full days, they will be discharged, and, without further instructions, return to their homes, unless notice is given for their further retention. Bearers carrying an empty Palankeen shall be entitled to (1) one anna and (6) six pice per mile, for the distance they convey the same, in addition to any travelling hire to which they may be entitled under these Rules.

9. When a Dawk has been ordered and circumstances may cause the Traveller to postpone his journey, or to abandon it altogether, he will be liable to all charges actually incurred in like manner as if he had employed it.

10. When Bearers are posted for a Traveller, no other Traveller shall employ them, without the authority of the Officer who posted them ; but should any individuals so act in violation of the orders of Government, he will be liable, in addition to the hire of the Bearers used, to all and every extra charge incurred by the Traveller for whom the Dawk was originally laid.

11. In order to facilitate the keeping of accounts, all fractional portions of a mile be struck out. If the fractional part exceed the

half, the Bearers will enjoy the benefit of a full mile—if less than the half, they will not be entitled to any hire for the same.

12. All charges of hire shall be made agreeably to the Table of Distances and Routes in the Madras Road Book.

13. The load for a Cowady Cooly shall not exceed 50 lbs. weight, divided, as nearly as possible, into two equal portions of 25 lbs. each.

14. All applications on the subject of posting Bearers (except when made on service by one Public Officer to another) shall be post paid, and superscribed “Bearer Service,” in order that no delay may occur in their being opened by the proper authority. If this Rule is infringed, the Traveller will be held responsible for any charge that may be incurred consequent thereon.

15. In all cases of charges being made, which to the parties concerned may appear irregular, the decision of the Post Master General shall be final, unless the charge complained of was made by the Deputy Post Master General, when alone an appeal is permitted to Government. Travellers are not, however, on this plea, to withhold payment from the Bearers of any sum entered in the Memorandum presented by them—all such objections will be subsequently adjusted.

16. It is to be understood, that although Government has directed its Public Servants to lay Dawk Bearers for the convenience of the public, and will cause due pains to be taken to ensure regularity and a punctual attendance to all requisitions, yet that neither Government nor any of its Officers are to be held responsible to the Traveller, for any unavoidable disappointment he may meet with on his journey, or for the expenses consequent thereon.

17. All parties availing themselves of the services of the Officers of Government for laying Dawks are to be held as *ipso facto* binding themselves to adhere to the above Regulations.

18. Nothing in the foregoing Rules is intended to interfere with Travellers applying to private individuals to post their Bearers, should they prefer making their own arrangements without the intervention of the Public Authorities.

ABSTRACT OF RULES FOR THE BULLOCK TRAIN DEPARTMENT.

1st. No package is to be received for despatch by Bullock Train, which is likely to cause injury to other packages, or which is in any way damaged or not securely packed, or which is improperly directed : the address must be legible, and be written or painted on something not likely to be rubbed off or obliterated : a direction written on a card is not to be received.

2nd. When a package is made over for despatch by Bullock Train, it is to be weighed or measured, and a receipt given to the person by whom it is posted (the counterpart of the receipt will be retained in the Office as a record,) and a ticket pasted on it, showing the date on which it was posted, its weight, and place of destination.

3rd. All packages must, if possible, be despatched on the day they are posted ; the date of despatch is to be marked on the ticket ; all packages must be entered in the Office Despatch and Transit Registers, and the Advice and Transit Chillauns must be prepared before the packages are despatched.

4th. The Chillauns will be forwarded by the first Mail after the despatch.

5th. Packages should be forwarded in the order in which they are received, and be invoiced in the order in which they were entered in the Transit Chillaun of the Office in rear.

6th. Even when there may be a stoppage, and an accumulation of packages, this Rule ought not to be broken through : the packages received with each despatch from the rear should be kept distinct and separate. If a portion of a despatch only can be forwarded, the order of the Transit Chillaun should be observed, and packages first in the Chillaun should be first despatched.

7th. Whenever a package entered in an Invoice may not be received, the non-arrival of the package must be notified to

the Office in rear : if the package not received be for an Office in advance, a note of its non-receipt must also be made in the Forward Transit Chillaun. When a package not in the Chillaun arrives, a note is to be made in the Chillaun of the despatch with which it was received ; the package is to be carefully weighed ; the correct hire from the Office of despatch (if known) is to be calculated, and the package entered in the body of the Forward Transit Chillaun, with a remark stating the date of its receipt.

8th. Transit Chillauns should be numbered consecutively in one series for each year, from the 1st May to 30th April. Advice Chillauns will also be numbered consecutively, a separate series being opened for each corresponding Office : any irregularity in numbering Advice Chillauns is to be brought to the notice of the Post Master General.

9th. An abstract of each Advice Chillaun, showing the total number of packages, their weight and measurement, and the paid and bearing hire thereon, is to be daily entered in the Abstract Register, a separate page being devoted to each Office on the Bullock Train Line.

10th. Post Masters will examine carefully the packages which may pass in transit through their Offices, and note in the Transit Chillaun any apparent injury which may have occurred : any failure in this duty will render them responsible for all subsequent damage. The Post Master's receipt on the Transit Chillaun must exonerate the establishment in rear, and any injury subsequently reported, will be considered as having occurred at the Office at which the last receipt was given or through the neglect of the Road Establishment in advance, should no remark have been made by the Mutsuddees or Guards.

11th. Each Transit Office will keep up a Transit Register of packages despatched, and be careful to copy in the appropriate column any remark made on the Transit Chillaun.

12th. When it is necessary to forward to another station any package for which an Advice Chillaun has been received, it must be considered as a new despatch as far as responsibility for the transit

charge is concerned, and accordingly the Forwarding Office will debit itself with, and the Receiving Office remit the whole amount of the charges, original and forward ; but to prevent confusion and double credits, will enter the original charge in a separate column of their Registers, in which, as in the Chillaun, the original will be distinguished from the forward charge.

13th. When a package may be claimed by the addressee while in transit, before it has reached its original destination, the Post Master will recover the full amount of the charge made thereon by the Despatching Office, and remit that sum to the Office to which the package may have been originally consigned, by a draft in favor of the Post Master of the Office of despatch, with a memorandum stating the fact of the delivery of the package.

14th. The Post Master of the Receiving Office will weigh all packages received, compare them carefully with the Advice and Transit Chillauns, and enter them in detail in the Receipt Register, with remarks on the state in which they may be received.

15th. The Advice Chillaun will be returned receipted, with a copy of any remark made on the Train Invoice, which may be applicable, and with a docket stating the number, date and amount of draft by which the amount of bearing Bullock Train hire is remitted.

16th. Bullock Train remittances are to be made four or five times in a month, and are not to be mixed with remittances on any other account. The Abstract Register of packages received is similar in form to that of despatch, and is also to be daily kept up : a note of any instructions from addressees, regarding the disposal of packages, is to be noted by the Delivering Officer on the Advice Chillaun in which the packages are invoiced.

17th. The bearing hire on Bullock Train packages must be realized before the packages are delivered, a notice of arrival should be sent round to the parties concerned, with memorandum of the amount to be paid by each ; but on no account should private individuals be allowed to receive a bearing package without payment : the addressee's receipt should also be taken in the Station Delivery Book.

18th. Packages for out-stations, *i. e.* stations not on the Bullock Train Line, will be consigned to the Post Master of the nearest Bullock Train Office, who will forward them to their destination according to the instructions received from the addressees, or in the absence of any instructions, by the cheapest and most convenient mode. All such out-station packages must be consigned to the care of the Post Master of the station to which they may be addressed.

19th. An Advice Chillaun will be sent by Letter Mail and a receipt given to the cooly or cartman by whom they may be conveyed : the Post Master of the addressee's station will receive, deliver the packages, sign the receipt presented by the bearer, and remit the amount by draft to the Despatching Office of the Bullock Train Line.

20th. The Register of all such despatches will be kept separate from Banghy or other Registers, and the despatching Post Master will be careful that the cooly or cartman bring back the receipt of the Post Master to whom the package or packages may have been consigned.

21st. The Rules regarding the docketing of the Chillauns and returning them with a draft, as detailed in paragraph 15, hold good in regard to out-station packages.

22nd. When one cart or cooly may take several parcels for different stations, as for instance from Agra to Gwalior, Sepree and Goonah, a Transit Chillaun will be sent to Gwalior, and Advice Chillauns to the three stations.

23rd. All advances drawn for the coolies, &c., for the despatch of parcels to out-stations, will remain until adjusted in the Inefficient Balance of the Office by which the advance may be drawn is due from the Post Master of the Office to which they may be sent.
